

GOWANS-KNIGHT

Fire Apparatus & Equipment Since 1960

AIR CONDITIONING SERVICE

GK Now Offers Apparatus Air Conditioning Maintenance Service and Repair

Air Conditioning is often overlooked and only checked after a problem exists. Regular service keeps you cool all summer and helps prevent costly repairs.

Our annual service program is performed by Certified Technicians using modern AC Service equipment.

SERVICE INCLUDES THE FOLLOWING KEY ITEMS:

- Inspection and Cleaning of Condensers and Condenser Fans
- Inspection of Compressor and Drive Belts
- Inspection of Hoses and Fittings
- Checking State of Charge
- Clean or Replace Cabin Air Filters

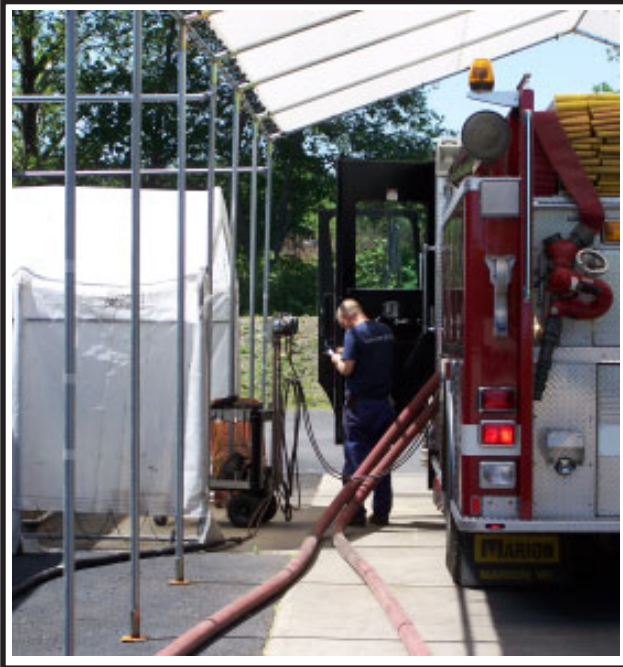

The Gowans-Knight Company Inc.

49 Knight Street, Watertown CT 06795
860-274-8801 Fax 860-274-7937

email: gowansknight @ snet.net

Call today for an appointment or ask to have us perform this service during your annual chassis or pump service.

Pump Testing, Service Facilities, Product Lines

UL Compliant Pump Test Facility

Gowans-Knight offers on-site, pump testing and is UL recognized to perform these certification tests. Utilizing fully calibrated test equipment, our state-of-the-art facility includes underground tanks and a pump testing capacity to 2225 gallons per minute. In addition to capacity and pressure testing, we perform a detailed inspection of all critical pump components.
